[^0]
[^0]:    *Note - There is one day beyond 52 weeks in a regular year, and two days beyond in a leap year. You can choose whether to just leave it out (as in this graph) - or do the blank squares in a color for the two missed days...or do the border in the last day's color. There are lots of options. Blank squares can be border color, or all the colors. Lots of options.
